

Parents United Learning the Special Education System (PULSES)

Supporting Special Needs Families in the Mid-Hudson Valley, NY

Every child is a star. Every friend is meaningful.

PULSES' mission is to provide parents of special needs children with information and resources to ensure full participation in their children's educational programs. PULSES also promotes positive change in the special education services in school districts. As a nonprofit organization, PULSES is able to accept donations to help support our vital work. At the October 2018 Award's Celebration, PULSES will celebrate our 10th anniversary!

Please help our students and our vision by donating.

Remember, no donation is too small when it comes to addressing a child's educational needs. By visiting the links below, you can donate by credit card or PayPal. You will receive a letter and documentation for your IRS deduction. Our website is <https://www.pulsesny.org/> where you will find our

"DONATE BUTTON" or go the link below:
